FEEDBACK

This GASI is effective immediately, however the 22 Gp Regulated Community are invited to offer feedback where applicable on the impact of this Instruction and any comments for consideration before uplift into GASOs at the next issue. Feedback should be directed through the individual named above.

SUMMARY

MAA approval to extend air safety training currencies, due to Covid, was approved under MAA RN 2020/14. This RN has since been withdrawn, so the ability to extend currencies and the RN reference are removed. In addition, GASO 1440 para 3 allowed a DDH extension to HF continuation training currency of 28 days. This was compliant with AP 8000 but not RA 1440. Therefore, there is no longer an ability for DDHs to grant an extension to HF continuation training currency and all HF continuation training must be completed within the two-year validity.

INSTRUCTION

- 2. Minimum air safety training and currency requirements.** The DDH **should** ensure that Air Safety staff are appropriately trained **▶ and competent ◀** to undertake their duties in accordance with the requirements of AP8000 Leaflet 8114 and RA 1440. The minimum training and currency requirements are detailed in Annex A to RA 1440. **▶ ▶ All requests to extend Air Safety training currencies are to be submitted to the MAA via the HQ 22 Gp DFT desk Officer.** Details of the extension should be recorded. **For further information refer to [MAA RN 2020/14](#).** ◀ ◀
- 3. Human Factors (HF) and Error Management (EM) Training.** Personnel **should** undertake HF and EM training in accordance with RA 1440(1) and a record of attendance

should be maintained. ► ~~The DDH / HoE can authorise a Continuation Training Waiver of 28 days but **should** grant it only in exceptional circumstances.~~ ◀
