Title: <span style="color: red;">QGI Training Standards</span>	MAA NAA Serial No: <span style="color: red;">N/A</span>	Effective Date: <span style="color: red;">24 Aug 20</span>
	MAA RI Serial No: <span style="color: red;">N/A</span>	Expiry Date: <span style="color: red;">31 Dec 21</span>

### Feedback

The 2 FTS Regulated Community are invited to offer feedback where applicable on the impact of this Exemption. This Exemption will not be uplifted into DHOs, but will remain extant until expiry. Feedback should be directed through the individual named above.

### Summary

Annex A to DHO 2125 details the training standards for QGIs, and specifically the minimum annual flying requirements for Instructional Competence Check (ICC) renewal. Annual ICCs are mandated by RA 2125 (1) and MMAI 2102(2); however, the actual details of the check are delegated to ADDH Orders. In the case of 2 FTS, DHOs states that the minima are 100 and 75 instructional launches for B2 and B1+ Category QGIs respectively. Due to COVID-19 postponement of operations, many QGIs will be unable to meet these minima for ICC renewal. The DDH has therefore approved a temporary reduction in the number of instructional launches required for ICC renewal for VGS personnel.

### Exemption

With immediate effect, the number of instructional launches required for ICC renewal for VGS personnel (CGS requirements remain unchanged) is reduced to:

- **B2 Category QGIs.** A minimum of 75 instructional launches since the QGI Category award, or last ICC renewal.
- **B1 & A Category QGIs.** A minimum of 50 instructional launches since the QGI Category award, or last ICC renewal.

This exemption is only applicable to VGS that have undergone the formal RTF package (ie 614, 615 and 626 VGS are excluded from this exemption).

DHE 1/0/5 will be an Aircrew Red/Green requirement.
